## **ORDERING INFORMATION**

### **Orders**

Please submit all orders in writing and specify each item by its product code and the corresponding model description, finish, upholstery and options offered in the price list. If your current order must match a previous order, a sample product from the original order needs to accompany your new order to assure uniformity of finish and construction.

### **Wood Finishes**

TMC's wood finishes, like all wood finishes, can be light sensitive, therefore care should be taken to avoid placing your chairs in areas exposed to intense natural light. We apply UV blocker on our furniture, however, expect some wood finish colors to shift over time. There are variations common to all wood species, so the color and grain characteristics of our finish samples may not exactly match the finish of the furniture you receive from us. The aniline dyes, wood stains and toners penetrate wood, however, chair seats, furniture surfaces and edges may show wearing with use especially on the dark finish colors.

We will be pleased to prepare custom finishes for you, however, all custom finishes are subject to a minimum mixing charge for the custom match. The set-up is \$300.00 list and \$16.00 list per unit. We require several important conditions for all custom finish orders. First, your custom finish must be approved by our factory. Please allow up to three weeks for our factory to prepare the custom wood finish match sample. Production will not begin and your order will not be scheduled until we have received your approval of our custom match sample. Second, due to limitations of the raw materials and the natural background color of wood, not all colors can be successfully reproduced. As a result, we cannot always determine beforehand whether or not a color is suitable for custom finish matching. This is especially true in the case of custom colors submitted on non-wood products. If we are unable to produce a commercial match to your custom color, you will be notified as early as possible and you will not be charged.

### **Customer's Own Material [COM]**

To make sure that all materials in our products work properly together, we reserve the right to approve all COM, prior to accepting your order. Even after our preliminary approval, we must reserve the right to reject COM if we find, upon physical inspection of the COM, that it proves unacceptable for use on our products. If this occurs, you will be notified in writing with an explanation of the problem. A written release from you will be required for the order to be processed.

We cannot assume responsibility for durability, appearance or other qualities of COM on our finished products. As a condition of our acceptance of a COM order, we may require additional yardage, labor charges or handling surcharges. Please make sure that all your COM deliveries to TMC are properly identified; COM delivered to our factory without proper identification may be refused, and we will have no responsibility for loss or any other claims. We do not return excess fabric unless you specifically request in writing that we do so.

Please contact our factory for yardage requirements on all COM fabrics which are patterned or narrower than 54 inches wide. If you order using COM, we cannot schedule production until we receive the COM at our factory. We will make every effort to avoid a delay and to complete your order within our standard lead time. All shipments of COM to TMC must be sent prepaid. COM should be sent to:

TMC Furniture, Incorporated  
119 East Ann Street  
Ann Arbor, MI 48104

COM packages shipped to our factory must include the following information:

- Your name and address
- The purchase order number to which your material applies

When you specify COM, your purchase order must include:

- A small sample of your COM fabric (stapled to the order)

- Directions as to which is the exposed side of the fabric
- An indication as to whether the upholstered application is vertical or horizontal
- COM supplier's name and fabric number
- The quantity of pieces to which the material is to be applied

## **TERMS**

### **Changes and Cancellations**

You must receive factory approval to change or cancel your order. We will make every reasonable effort to stop production scheduling and shipment after we have received your written notification of any changes, cancellations or deferments. However, we ask that you comply with the following:

#### **Order Changes**

Order changes are subject to a fee which will be used to cover administrative, design and/or engineering time. Any change request(s) must be documented in writing. We will in turn, confirm in writing, our acknowledgement of your change and inform you of the fee amount (if applicable). Order changes received after production has started involving only an increase in quantity will not be assessed a charge. Custom orders or orders with custom finishes cannot be changed after work has been started. Orders for upholstered chairs may not be changes after upholstery cover has been cut. You will receive the goods as ordered and be liable for amount due.

#### **Cancellations**

We charge \$100.00 for cancellations received prior to production. Cancellations received after production has been started will be assessed the total accumulated cost of the project plus a \$100.00 net cancellation charge to cover administrative costs.

#### **Shipping**

We will ship in accordance with your written instructions. If you omit specific shipping instructions, then we will ship in the manner that we consider to be the best way. All shipments are sent F.O.B. Grand Rapids, Michigan. Our liability ends when the carrier issues a receipt to us, which is an acknowledgement by the transportation company that the shipment has been received in good condition. Title of the goods and risk of loss then transfers to you. Freight must be paid by you unless otherwise acknowledged in writing by TMC. We make every effort to ship orders complete and on schedule. We reserve the right to make partial shipments as merchandise is ready. Our failure to delivery all the merchandise at one time does not relieve you from the obligation to accept and pay for the merchandise you receive.

#### **Damage Claims**

All our products are thoroughly inspected prior to shipment from our factory and packed to comply with carrier requirements. You should carefully inspect all items upon arrival and note any obvious damage on the receipt of delivery and if possible, photograph the damage. You need to file a written claim immediately with the carrier if you discover any obvious or subsequently concealed damage. Caution: When a clear receipt is obtained by a carrier, then the carrier is no longer responsible for damages or shortages. Damaged freight cannot be refused by the consignee (buyer). Processing claims for damage and shortages are the responsibility of the buyer. At no time can claims be deducted from invoices.

#### **Miscellaneous**

The sizes and weights listed for our products are approximated. We reserve the right to make changes in design and construction or discontinue products without notice. Due to conditions beyond our control all wood products, fabrics and vinyls are subject to variations in color, texture and grain. Our price list specifications supersede all other specifications whether verbal or written, and may not be altered without the written consent of an officer of TMC. All clerical errors on any agreement, publication, correspondence, price list, or product literature pieces are subject to correction at any time.

## **WARRANTY**

TMC Furniture Incorporated warrants that our products will be free from defects in material and workmanship for a period of two years from the date of shipment from our factory. Our obligation during this warranty period is limited to repair or replacement at our option. This warranty covers our products under normal use and in service under conditions for which the products are designed. Our warranty becomes null and void on any goods repaired or altered by any person not authorized by us or where the purchaser had failed to follow published instructions for use or assembly. Additionally, this warranty becomes null and void on any products which, in the judgment of TMC, have been subject to abuse, misuse, improper storage, negligence, environmental conditions or Acts of God.

TMC does not warrant products manufactured to the specifications of others as to the fitness for particular purpose or use. No warranty is made with respect to non-standard materials selected by and used at the request of the customer. TMC uses finishing techniques that are intended to highlight the inherent beauty of wood. However, wood is a natural product and will naturally have slight flaws and imperfections which enhance its overall beauty – depending on the species and cut of the wood, certain areas may absorb our stains differently. Customers should be aware that all finishes will mellow with age. Since wood is a natural material, some expansion and contraction is to be expected. Therefore, the foregoing is not to be considered a defect in materials or manufacturing process and is not covered under this warranty.

We make no other warranties either express or implied as to any matter whatsoever, including without limitation, the condition of the merchandise, its merchantability, or its fitness for any particular use or purpose, and in no event shall TMC be liable for incidental or consequential damages. Any defects should be reported immediately. All claims will be processed by our Customer Service Department. All returns must be authorized by us in writing. Merchandise authorized for return, repair or replacement shall be removed from service, shipped and installed at the expense of the customer. A copy of the original purchase order must accompany all claims. This warranty is not transferable.

**Notes:**

Replace XX in the product code with one of the following: 10-Vinyl T-Mold Edge or Self Edge Laminate; 20-Plywood Edge or Maple Edge Bandinge legs).

Price includes any standard TMC table leg (Lorca/Wyoming, Plover, Zenon, or Kestrel).

Tables constructed of standard laminate (Formica, Wilsonart, Nevamar, Pionite), premium particle board core, phenolic backer.

Unless otherwise specified, solid wood edge is constructed of premium Maple 1/4" with a 1/2" radius on the top edge and an eased bottom edge.

Standard heights are 20", 24, 26" (all children's heights) and 29"(adult height); there is an upcharge for custom heights.

30" diameter round tables will not accommodate Lorca, Wyoming or Plover chairs.
